CHASKA, FRIDAY, JUNE 4, 1869.

Radicalism in Tennessee.

The Tennessee radical convention for nomination of Governor broke up in order. No candidate was nominated, it is believed that both Gov. Senter and the notorious Stokes will run against each other.

The National Debt.

It is an every day question, when will the great National Debt be paid? This question is more easily asked than answered.

In 1815, the General Government of the United States, with a population of 5,000,000, owed a public debt of \$127,000,000. During the period of twenty years with the strictest economy and unexampled honesty in public officials, the second term of Andrew Jackson's administration saw the dollar of it paid. Now, with a population of 10,000,000, the government owes \$2,700,000,000 of audited debt, say nothing of the rest.—This debt, over twenty-one times as great as in 1815, with only seven times greater ability, per capita, to pay it.—Hence every government managed with the same stupor of the present piratical times, a Federal debt could not be liquidated in two generations! But as no such change of our destiny, as then it was, on the contrary, a pack of thieves and plunderers are yearly running it up and further into debt, it is plain to see that it will not be paid in this time, but never! It will endure longer on the earth, according to Millard's prophecy, may never be wiped out except by the Demons of the millennium. In the meantime, taxes will be rung on the bloodsweat of the people, not to be paid out in liquidation of the debt, but to pay the interest on it to idle bondholders, and to furnish more funds with which to further oppress industry and to arts, and to build up a monarchism, trend will forever.

May God help men to see the error of their ways and induce them to think what they are doing in the support of a party whose aim is to protect the rich and crush the poor man.

THE INDIAN WAR.

Indian Massacres in Western Kansas.—Movements of Indians to the Reservations.—Frontier Warfare.

St. Louis, June 1.—The following dispatch is from an entirely trustworthy source, and may be relied upon as correct:

Leavenworth, June 1.—About twenty white persons have been killed by Indians in Western Kansas during the past week. The murders have been committed by roving bands of Indians, who have been heard of, and the massacre has been the result of guerrilla fighting rather than of a general Indian war.

The scene of operations has extended from the Republican and Solomon rivers to the end of the Kansas Pacific Railroad settlements. That part of the State is very much exposed.

The Times has news of the attack on settlements along the Saline river west of the Solomon. One woman was killed and one wounded, and three children kidnapped. Soldiers are in pursuit.

St. Louis, June 1.—The Republican has a special that news has been received from Camp Supply, stating that 1,300 Arapahoes had reached that point on the 15th inst. Little Robe, of the Cheyennes, arrived on the evening of the 18th inst. Little Robe promised that the tribe would follow him and go on their reservation.

Lieutenant Marsh and a scouting party, a day or two ago, came up with a small war party of Indians, supposed to be those committing the depredations on Salina river, near the mouth of Buffalo creek. He pursued them fifteen miles, when darkness came on and they were compelled to desist.

He reports two boys wounded, one woman and three children missing.

Captain General of Cuba.

Madrid, May 29.—The official Gazette will contain tomorrow the decree appointing General Cabello de Jola, the present director of artillery, as Captain General of Cuba.

Capt. Mayne Reid claims to have published the first essay upon croquet that was ever written.

BOUNTIES.

Information of Interest to Claimants of Bounty.

WASHINGTON, May 27.

All applications for additional bounty under the law of July 28, 1868, were by law of Congress of March 3, '69, transferred from the Paymaster General's office to the office of the Second Auditor of the Treasury.

These cases are now being rapidly arranged, and as fast as possible settled.—The great press of business thrown upon this office, by laws relating to bounty for service in the late war, has been materially lessened, and things are now going on smoothly. Where heirs to deceased soldiers apply for bounty, the case, if the papers are correct, is now settled in a few days; where, in corresponding cases, a few years ago, the applicant had been kept waiting for months, and even years.

Where a soldier applies for his own bounty, the case, if properly presented, is disposed of in two or three weeks, a matter which, until recently, has required from six months to even three or four years' time. Where there is delay in a case now, the applicant may know that there is something wrong in the preparation and filing of papers and evidence, or that the evidence is not satisfactory. There are thousands of such cases on hand.

In a great many instances agents have applied for the additional bounty, including the soldiers' discharge, and afterwards another application has been received, accompanied by affidavits from the bona fide soldiers, stating that his discharge has been lost. There are so many cases bearing such evidences of fraud upon the government, the soldier, or his heirs, that the Auditor declines to pay them, and so they remain in the office from year to year. A great many complaints are received from claim agents, who profess to have paid advances on claims presented, against the effect of the last law of Congress, which requires that the agent's fee shall be deducted and sent to him, but no more, and that the balance shall be paid to the claimant.

Boutwell's Financial Policy.

Special Dispatch to the Chicago Post.

WASHINGTON, May 26.—Dispatches from New York say that Wall Street is greatly exercised over reports that Boutwell intends to use his surplus currency to call in and pay off the three per cent. certificates and general unbusiness is manifested as to whether he will remain firm in carrying out the policy already inaugurated. Your correspondent is enabled to state, by authority, that the Secretary will not buy three per cent. as this is equivalent to contraction, and Congress, last session, took a decided stand against such a course.

Mr. Boutwell has no intention of pursuing a policy which will result in direct antagonism to the law making body of this country. As has already been ascertained in these dispatches, the Secretary will not surplus funds to buy bonds, and an order increasing the amount of purchase will soon be issued.

WASHINGTON.

Another Indian Battle—Personal Items.

Mr. Curtin leaves on the 17th of June for the Russian mission.

Washington, May 31.—The following telegram has been received at the War Department:

To Adjutant General Townsend, War Department:

An official report was received to-day of an engagement near Double Mountain, west of Fort Griffin, between a scouting party from the fort and a band of Comanche and Kiowa Indians, in which 14 Indians were killed. I will send a detailed account by mail.

(Signed) J. J. REYNOLDS, Major-General Commanding.

The President has determined to attend the ball at the Naval Academy.

Col. Douglas, of the President's staff, leaves here this evening to attend the funeral of his grandmother, Mrs. Grand, who died at Clinton Springs.

Among the visitors of the President this morning were Hon. A. G. Curtin, Minister to Russia, and Hon. R. Wade.

CUBA.

Havana, May 31.—The troops are in active pursuit of filibusters who landed in the bay of Nipe, and have captured three of their cannon and killed Emmanuel Lusaena, captain of the rifles.

A heavy engagement has taken place at Puerto Prade. The insurgents are massing their forces in the vicinity of Los Tunis. A skirmish is reported near Cienfuegos between the rebels and soldiers. Capt. Gen. Dulce's order sending a number of political prisoners to Spain has been revoked.

The Indian War in Kansas.

Louisville, Ky., May 31.—Parties just in from Republican report that the Indians captured six buffalo hunters and killed five of them. Many of the settlers have gone to Fort Sidney for protection. Reports from Rose Hill Creek and White Creek, state that the Indians throughout the country north and west of Republican, and on the Little Blue river are attacking the settlers.

REAPERS, MOWERS &c.—Messrs. Lincolner and Faber have already received Sixteen Wood's Reapers, a number of Sulky Rakes &c.

Mr. Henry Young has received a Sulky rake, the advance guard of a large lot.

Mr. Philip Henk the "Hardware man" has also received a "Case Thresher," the New York Reaper, Mower &c.

This indicates an active season in the Reaper line and our energetic merchants are taking time by the "fore lock."

More hereafter.

PERSONAL.—Chaska has been unusually thronged with persons from abroad and the interior of the County during the past two weeks. We can hardly particularize the many friends whom we have met in that time, here is a partial list. Jos. Schaefer, Edward Reusse, John Ess, Robert Patterson, Herman Miller, Geo. Bleichner, Jas. Patterson, Fritz Oberle, L. H. Griffin, M. Kelley, Theo. Bost, J. G. Metcalf, T. R. May, Anthony Cleggan, Wm. Patterson.

CORPUS CHRISTI.—This day was celebrated on Sunday by the Catholic Church; the Thursday previous being to inclement to admit of out door exercise. Sunday was a fine day and a large gathering from the church in this vicinity; Carver, and Victoria, joined the church here were beautifully decorated with evergreens, trees &c., set out for the occasion. The procession was large and the services impressive. Rev. Father Meyer is much respected by the members of the church and is beloved by all.

STRAWBERRIES.—We should judge by looking at the gardens in this town, that there will be a large crop of this delicious fruit this summer. Probably the printer will be "round" again in about three weeks.

FATAL ACCIDENT.

Mrs. Holl, wife of Michael Holl, met with an accident on Saturday last which terminated her life. It appears that Mr. Holl, his wife and three children were riding to this village, when coming down the Yorkville hill one of the wheels of the wagon came off, throwing Mrs. Holl violently upon the rough uneven ground, crushed beneath the weight of the wagon, in a shocking manner. Mr. Holl escaped without injuries and the children with very slight bruises. She was immediately removed to her home, close by, and Dr. Palmer summoned, but her injuries were of such a nature that earthly aid was of no avail. She lived until eleven o'clock p. m., when her spirit took its flight to a brighter realm above.

Mrs. Holl was a woman much respected in this community and her loss will be seriously felt by a large concourse of friends, and by a kind and devoted husband and intelligent children.

The deceased was a native of Wayne Co., New York; 35 years of age and leaves a family of seven small children to mourn her loss.

The funeral took place last Monday and the remains were followed to the Cemetery by a very large concourse of friends.

Chops.—Wheat, Oats, Rye, in fact everything excepting corn is doing finely, so at least are we informed. The wet weather has in many places rotted the corn and caused a re-planting. A few weeks of favorable weather will cause the crops to "shoot" out with unparalleled vigor.

OTHER ACCIDENTS.—Mr. Kerkers young son of this place inflicted a serious wound on his arm last week with an ax, that is likely to incapacitate him from work for some time to come.

Our young friend Geo. Raitz is hobbling about notwithstanding the ugly cut he inflicted upon his foot two weeks ago. Nothing like vim George.

Carver Items.

Correspondent.

FUNERAL.—The funeral of the late Mrs. Holl who was killed at Chaska on Saturday last took place at the German Lutheran Church on Monday, a large concourse of friends followed the remains to their last resting place. Rev. Victor Both preached the funeral sermon.

PERSONAL.—Our popular Register of Deeds, Fred. Greiner accompanied by Mr. Bittling, made us a call on Monday. Patrick Colbert and Robert Patterson sterling Democrats gave us a pleasant call during the week.

Our friend Geo. Schildmeier, who left here about 6 months ago for Indianapolis, is returned on Saturday. Geo. says he will remain with us during the summer. We hope his health will improve.

Patrick Colbert and Robert Patterson of Pittsburgh Penn. and relation of Mrs. Capt. Houghton, arrived in town the first of the week, and will remain here during the summer.

RUNAWAY.—A horse belonging to Rev. Mr. Jackson became frightened at some passing object, while hitched at a post near Knoblauch & Thompsons store, broke loose and ran at a furious rate through town and some 1 mile into the country when he was found uninjured, and with no harm done to the buggy. Lucky run—that.

GOOD.—That "warm meal"—we were invited to partake of by "Messrs. Newman and Worth, (last class cooks) during the absence of our "better half." It did them credit. Beef steak 15-cs. per pound.

IN TOWN.—Sam. S. Eaton of St. Paul, accompanied by D. L. How of Shakopee passed through town last Friday, after a "long and wet trip up country."

SAD ACCIDENT.—We hear that on Sunday last our friend and late fellow citizen Jas. McKnight of Blakely was accidentally shot in the face by some boys, while handling a shot gun. We did not hear how bad, but sincerely hope that Mr. McKnight will be all O. K. again soon.

ANOTHER SALE.—Brooch Holmes made another sale of 10,000 bushels of wheat this week to Henry Eames. It was shipped per steamer Mankato and will go direct to Liverpool.

MARKET DAY.—Saturday last was fair day in Carver. It was a good big one too. A large number of cattle changed hands. We noticed among the buyers from abroad, Jas. Mayall of St. Paul, Tom Wallgate of Ft. Snelling and others. Mr. M. bought six yoke of cattle. Business with our merchants was good.

CUT WORM.—This species of worm is becoming a "nuisance," taking Cucumbers, Melons &c. Use "Sulphur" sprinkled about the hills.

Literary Notices.

The Life of Jeff. Davis, together with many new and startling events in the late S. C., is in press by the National Publishing Company, and will soon be issued. It is written by the fire-eater E. A. Pollard, and will be of interest to the publishers for advance sheets from the work, which is to create, (we predict,) a sensation.

Grace Greenwood has sold her "Little Pilgrim" to Alfred L. Sewell & Co., Publishers of "The Little Corporal," of Chicago. The Pilgrim has been published as a children's magazine for over fifteen years, and has been a popular juvenile, but will now stop "pilgrimage" on his own account, and hereafter be an "aide" to the conquering Western Napoleon, The Little Corporal, the well deserved circulation of which was even before this addition larger than that of any other juvenile magazine in the world. Grace Greenwood still writes for it. The July number begins a new volume, and we advise our friends to send on to the publishers, at once, one dollar, which is the price for one year, and give their children this unique, original magazine, which has no superior anywhere. Those who subscribe during June, will receive the June number extra.

CHASKA, MINNESOTA, FRIDAY, JUNE 18

NUMBER 41

The Valley Herald

Official County Paper.

BY F. E. DU TOIT,

CHASKA, FRIDAY, JUNE 18, 1869.

Hastings Railroad.

Much doubt exists in the mind of our citizens in regard to the intention of the Hastings Railroad; whether they contemplate building up to, or west of the Minnesota River, within the present year. We are besieged week after week with inquiries in regard to the same. Our answers have necessarily been vague and unsatisfactory from the fact that we have been unable to gather any reliable information in relation to the intentions of the Company in the premises. But from a late article upon "Railroad matters" in the Hastings Union, edited by the Hon. Mr. Smith Attorney for said Road, we are led to infer that something is being done towards pushing the road westward. Could Mr. Smith possibly inform us whether the road will be completed to the River this year? Or would it compromise the dignity of the road to have their intentions thus exposed to the vulgar gaze of the world. The interest of our county in the construction of the Hastings and Dakota Rail Road, must be our excuse, for undue interest in this matter, if such we have taken.

A Washington dispatch states that the fourteenth Special Treasury Agents appointed by Secretary Boutwell, each one of whom has a number of assistants and whose aggregate salaries amount to \$851,000 are not recognized by the laws, nor entitled legally to draw a dollar from the Treasury. There are no such offices, and our radical friend Gen. Levi Nutting is law. We feel almost authorized to state that Gen. Nutting's resignation will be handed in without delay.

Fourth of July Celebration.

Steps are being taken by the "Concordia Singing Society" for a grand old time "Fourth of July" celebration. The "line of action" is not sufficiently matured to enable us to give a correct programme of the days performance. The main features of the day will probably be a Pic-nic, an Oration, Speeches, Singing &c.

It is expected that a general good time will be had by all. Patriotism fires the heart; so under its impetus we may expect something grand.

WATERTOWN—Business called us to Watertown last week, where "as usual, we met a host of warm hearted friends, such as Watertown is justly noted for. Merchants, Druggists, Millers, Hotels, Doctors, Lawyer, &c., were constantly busy notwithstanding hard times, and a busy season.

Peck, Flood, Hanlin, Cullen, Ames, Barth, Rousch, and Barrett were as jovial as ever and as an Acrobat we note Peck a success—as a leader he can't be beat.

The card of Dr. C. B. Ames appears in another column. The Dr., is a graduate of Rush Medical College, Chicago, one of the most popular institutions in the U. S. The Doctor has already established an enviable reputation, by skillful surgical operations and successful medical treatment. Read his card.

The Union Hotel is one of the institutions of Watertown and kept by the jolly John Grouse. John furnishes a good table and man or beast will be well attended to. Read his card in another column.

LAND SALE.—Robert Patterson of Young America, sold recently 181 acres of land known as the "Patterson farm" to John Guessia of Wisconsin, for \$5,400. The sale included some stock, wagon and other little trappings. The farm is well situated, has a large piece under cultivation and is in every respect a splendid farm.

We are pleased to learn that Robert does not intend to leave the County at present.

To WINONA.—Mr. Thies and Mix took the Sunday afternoon boat for Winona, to attend the State Sabbath School Convention, which met there on Tuesday last. We are glad to have our County represented.

VACATION.—The pupils of the Academy are now enjoying a vacation of one week. The first term closed last Friday. Mr. Mix and lady, the new teachers, have given universal satisfaction. We hope next term will be better attended.

PROMOTED.—James Delamater our well known and worthy townsman has been appointed General State Agent for the "Charter Oak Life Insurance Company" with head quarters at St. Paul. We rejoice at this, but do not relish the idea of Mr. Delamater and family removing to St. Paul. James we wish you unmeasured success in your new position.

PERSONAL.—John H. Brown the genial Attorney from Scott and the editor of lively little "Spy" was in town on Monday on business.

A. H. Reed the gentlemanly and efficient U. S. Deputy Collector for this district was in town on Wednesday gathering up little "tokens" for the government.

Mr. Tanner of England, recently arrived in town and is a guest at Mr. Dunn's.

PREMIUM LIST.—A committee of the Agricultural Society was in session Saturday in the Court House, preparing a premium list for the next fair. It will be published soon.

TREASURER'S NOTICE.—We call the attention of "delinquents" to the notice of the Treasurer in another column. It is a duty that must be done, and those concerned had better take notice and act accordingly. The "mandates of law" must be obeyed.

WEATHER.—The cold damp weather of the last two weeks, has at last given way to warm summer weather.

SWISS RE-UNION.

AT

Waconia, July 25th 1869.

It is earnestly requested that the Swiss citizens of Carver County, meet at Waconia on July 25th to enjoy a social reunion.

PROGRAMME.

Pic-nic, commencing at 1 o'clock p. m. Next in order Music, Songs, and declamation in the Swiss language.

ORATION BY THOMAS KERKER.

Prizes for the most beautiful Swiss lady and the homeliest Swiss man present.

COMMITTEES.

Chaska.—F. E. Du Toit, John Kerker, G. Krayenbuhl, John Boss and H. J. Chever.

Chanhausen.—Franz Tschumperle, Carl Waldvogel, Michael Detelam and Theo. Bost.

Laketown.—Jacob Jenny and John Leithard.

Waconia.—Thos. Kerker, Jacob Korz, Sam Moy, F. Lutz, Fritz Moy and L. Schumky.

Carver.—Jacob Horner and Dagobert Kerker.

Camden and Young America.—Benedit Truby, Jacob Yenny, Ulich Schedegger and Christ Hafter.

Watertown.—John Buhler.

Said committee to report to Thos. Kerker at Waconia the number intending to be present.

NEWSPAPERIAL.—J. W. Fraick has retired from the Editorial management of the Hastings Union and the Hon. Segrave Smith has assumed the editorial honors. Mr. Smith is an able lawyer and will, without doubt, prove an efficient writer.

LAD UP.—Commodore Dunklee and Fritz Miller have "tied up" their crafts for the time being. Boating don't pay at present they say. Wood is too low at St. Paul, and the demand not sufficient to warrant a continuation of service at present.

KING FROST.—Not satisfied with Spring and fall rains, he visited us on Monday night last June 14th. In Chanhausen, and Benton we understand done considerable damage, cutting melons and cucumber vines badly and also touching corn. Who says this isn't glorious; frost in summer.

ANOTHER ITEM.—We copy the following extract from the Hastings Gazette in regard to the Hastings and Dakota Rail Road. It is encouraging as far as it goes. "The contractors have about two hundred men at work on the ten mile section beyond Lakeville, the iron for the same is in Milwaukee, the ties on the ground, and the prospects are that we shall have thirty miles of road in successful operation in sixty days or thereabouts. It is from thence only twelve miles to the Minnesota River, which is the proposed terminus for this season."

Literary Notices.

Harper's Weekly and Bazar are always welcome. Their illustrations are superb. To the ladies the Bazar is a necessary article, even in these western wilds. The beautiful and useful in dress are here better explained and illustrated than in any other fashion sheet extant. The new story by Henry Kingsley, now running through the weekly is one of the best productions of a celebrated author, and is alone worth the price of the paper.

The Western Monthly, the June number of which is before us, is meeting with unprecedented success. Being a Western Magazine and filled with first class reading, it is not surprising that there is such a demand for it among western people. \$2.00 per year. Read, Browne & Co. publishers, 18 Tribune building Chicago.

"None name thee but to praise," should be inscribed upon every bottle of "Barrett's Vegetable Hair Restorative;" for among all its would be competitors it stands alone; unapproached and unapproachable.—G. A. Du Toit, Agent.

Mr. McIlrath, the State Auditor, has obtained an allowance of \$29,605.35 upon a claim of \$45,000 held by the State against the general government, arising from the Sioux war claims of 1862. The Sioux war claims are said to be all settled now with the exception of some small claims for damages to property, mainly for horses and stock pressed into the service.

The Commissioner of the General Land Office has transmitted to the Governor of Minnesota a certified copy of an approved list of lands selected by the State under the act of the 4th of September, 1841, granting 500,000 acres of land for works of internal improvements. The list represents 168,000 acres.

Unpaid Personal Property Tax.

The Board of County Commissioners have ordered the County Treasurer to make legal collection of all unpaid personal property tax for all past years. The law authorizes the treasurer to collect said personal tax by distress and sale of property. And allows the same fees as are allowed to constables for similar services.

The duty is an unpleasant one, but good faith to the county requires its performance. And delinquents who do not make payment on or before the 10th day of July, A. D. 1869 must be dealt with according to law.

"At the Brick Store."

The Valley Herald

Official County Paper.

BY F. E. DU TOIT.

CHASKA, FRIDAY, JUNE 25, 1869.

Death of Henry J. Raymond.

The telegraph conveys the melancholy intelligence of the death of Henry J. Raymond, the editor of the New York Times. His death was sudden, and is a serious loss, not only to journalism, and the splendid newspaper of which he was manager, but to the country at large.

Like most of the eminent men of the country, Mr. Raymond began life in a humble way. His father was a farmer, living in Livingston county, New York, and the boyhood of the future editor was spent in the work that farmers' boys do, though doubtless he had advantages at no time in the command of most lads of his class, as we find that at the age of sixteen, he was teaching a district school. From the position as master, a place as pupil in the Lima Academy, and then to the University of Vermont, where he graduated in 1840; thence to New York, his future home, where he studied law, taught the classics to classes of young ladies' school, and wrote for a New Yorker; from these multifarious tasks to the duties of managing editor of the New York Tribune, which he soon abandoned for the place as editor-in-chief of the Courier and Enquirer, which finally threw up on account of his ill health; after which a trip to Europe, upon his return in 1851, he established the New York Times. These are the facts of his history in which the public are mainly concerned.

He was also at one time a member of the New York Legislature; he was for a term member of Congress, and he served one term as Lieutenant Governor of New York. — Pioneer.

Peace Jubilee.

The Bostonians are having a great one this week at their Peace Jubilee. They having a building that covers nearly two acres, and on the dedication day, which was last Tuesday, it was full of men, boys, and girls. They have 10,000 singers, 600 musical instruments; one drum beat in diameter. All the principal officers of our Government are present, doing all things together, it is considered the grandest thing that has ever been done on this continent.

Heavy Robbery.

BOSTON, June 21.—A thief entered the sleeping apartment of E. Raymond, Cambridge, early this morning, and stole silver ware, United States bonds and other valuables, amounting to \$12,000 or \$15,000.

MEMPHIS.

Chapter of Horrors—An Irate Mayor, &c.

MEMPHIS, June 21.—William Winsor, an employee of the Memphis & Louisville railroad, was shot and afterwards beaten to death with the butt of a pistol, by an Irishman named Milford, a Mason of the city. Milford escaped.

Robert L. Smith, formerly sheriff of his county, dropped dead in front of his rooming house, while on duty.

At a special meeting of the board of aldermen this afternoon, Mayor Leffewh asked for leave of absence, and appointed Alderman Black Mayor pro tem. The board refused to confirm the appointment, and elected Alderman Marshall, whereat the Mayor became excited and denounced the board, with a few exceptions, as a set of thieves and robbers, and withdrew his application for leave. The meeting adjourned in great disorder.

It is almost certain that a special tax will be levied to meet the July interest on the city bonds.

—Andrew Thompson, suspected of taking the lives of Mrs. Haggerty and her four children, is undergoing an examination at McGregor. The body of John Haggerty, the fourth and last member of the murdered family, has been found. Other discoveries have been made, the whole forming a chain of circumstances sufficient to convict Andrew Thompson of the murder.

—The drafts on the Treasury for the Indian service, is already quite heavy. The War Department had a draft paid Thursday for \$2,000,000, a goodly portion of which was for military service on the Plains.

The Democratic Convention of the Territory of Montana, on the 7th inst., nominated Hon. James M. Cavanaugh for Delegate in Congress by acclamation there being no opposition to him.

Iron.—New Enterprise.

The St. Cloud Times says Capt. Houghton, of St. Paul, and A. C. Riggs, of Monticello, have been examining the Mississippi with a view of putting on a steamboat to run between Little Falls and Pokegama Falls. The Times say: The examination has demonstrated the feasibility of the enterprise, and they will have a steamboat running there by the 1st of September next.

They report that the banks of the river are firely wooded most of the distance. This bold enterprise will prove a great advantage to this upper region, and we expect to soon see the rich ore of the Iron Mountain near Pokegama Falls (which assays 96 per cent, of iron, and the vein of which extends across to Vermilion Lake,) brought down to St. Cloud and other points, and manufactured into rails for the Northern Pacific Railroad and other railroads to be constructed in this portion of Minnesota.

Spanish Views of the Cuban Question.

Washington Correspondence of the Herald.

In conversation with the Spanish Minister to day I said, "What about Cuba, Mr. Roberts?"

"Oh, it is virtually at an end," he said, with a satisfactory shrug of his shoulders.

I was at a loss to know whether he meant the insurrection or the effort of Spain to suppress it, so I said, "Which is at an end, the insurrection or the Spanish power in Cuba?"

"Oh, the insurrection," he replied. "There is very little left of it," he continued, "and it will soon be put down—that is, if no new political complications should arise."

By political complications I understood him to mean favorable action on the part of the United States towards Cuba.

Death of Henry J. Raymond.

New York, June 13.—Henry J. Raymond, of the Times, died suddenly, this morning, at 5 o'clock.

New York, June 13.—The city was shocked this morning by the announcement of the sudden death of Hon. Henry J. Raymond, of the New York Times. He was at his office until 6 p.m. yesterday, in usual health. During the evening he took a walk with his daughter. At 3 o'clock this morning he was found senseless in the hall of his residence, and at 5 o'clock he expired. The cause is supposed to be apoplexy.

Trestle work.

From the Minneapolis Tribune.

Mr. Geo. W. Sherwood, contractor of the St. Paul and Sioux City railroad, has a crew of workmen at work opposite the Union elevator, under charge of J. H. Asbury, of St. Paul, getting out the timbers for over half a mile of trestle work on the St. Paul and Sioux City railroad beyond Mankato. It is quite an extensive job and will require a large amount of timber. The workmen have been engaged for about four weeks and it will probably require some six weeks longer to complete the job.

General Sherman's Opinion.

On Tuesday General Grant left West Point for Boston. A few minutes before the President started for the ferry, General Underwood called upon General Sherman to pay his respects and bid him goodbye.

"Taking Grant off to that drum match, are you, Underwood?" said General Sherman.

"Yes, General, and I am sorry you cannot join us."

"Well it is a kind of disappointment, you know, because I can appreciate those things; but the President! bless your soul, he'll be bored to death. And, worse than all that, he has no ear for music. Why, do you know that Grant couldn't tell the difference between Yankee Doodle and Zip Coon?"

Imitation of Pogram.

From the New York Times, 17.

There was something of the sort called, in certain circles, "stand and cheer," in the oratorical shot, which Mr. E. C. Cowdin fired off in introducing Mr. Washburne at the late Paris dinner as the fearless defender of liberty, the fearless champion of our warrior President, and the man of the East, the man of the West—Hon. E. B. Washburne?—had the orator gone so far as to speak of him as the "child of freedom, whose home is in the settler's sun," we should have suspected a plagiarism from Pogram. As it is, we gracefully concede the praise due to originality.

"The National Game."

PHILADELPHIA, June 21.—About 20,000 persons witnessed the game of base ball between the Red Stockings and Athletics of this city. The Athletics were short their pitcher, and their play was not up to their usual standard, while the Red Stockings played well, making but few misplays. The game was won by the Athletics in a score of 27 to 18.

—Prince Arthur, of England, is to visit Canada next fall.

Time Table of M. V. R. R.

The following indicates the time for the arrival of trains at Meridian Station:

UP TRAINS.....10:30 A. M.....5:30 P. M.

J. F. Lincoln, Supt.

Bible Society.

The Carver County Bible Society will hold its annual meeting on Sunday next June 27th at 3 P. M. The attendance of all friends of the Bible is earnestly solicited. The services will be in English and German, and the State Agent, Rev. W. Adams, expects to be present.

RAPE CASE.

We are informed that a gentleman of good standing residing about five miles from this town, was brought before Justice Ellis on Wednesday charged with assault with intent to commit rape upon the body of the wife of his neighbor. We are glad to state that the prosecution failed to support the charge and the man was honorably discharged.

THE WOOD TRADE.

We judge from the mountain of cord wood aying across the foot of Chestnut Street on the levee, that there must be a large demand for the same below. Barges are continually loading at the levee for the St. Paul markets.

CARVER ITEMS.

Our Carver Correspondent has failed to come to time the last few weeks. Can't some of our Carver readers stir him up with a long pole? Try it.

—We are in receipt of a very interesting letter from J. K. Cullen of Watertown upon education. It was received too late for publication this week, and will appear in our next issue.

PERSONAL.—We received a pleasant visit from Dr. Northrup of Jordan during the week.

Mr. Henry Ames the "wheat man" was in town on Wednesday looking after that staple article.

FAIR PREMIUMS.—We publish in another column the list of premiums prepared by the committee and to be awarded at the next County Fair, to be held at Carver, on Saturday, September 25th 1869. The list is a great improvement on last year, presents a very creditable front.

SHIPMENT SOUTH.—D. E. Owens & Bro., loaded their barge and left port this week for St. Louis with 75,000 Hoop poles. They have been nearly all spring in preparing them for shipment. They also inform us that they will probably return this fall and remain over winter with the intention of buying poles for shipment next summer. Chaska is a somewhat noted hoop-pole market.

—Martin Williams of the St. Peter Tribune has retired from the editorial charge of the same. J. K. Moore has assumed control. Mr. Williams was a ready writer and retires with the good will of all.

ACADEMY.—The second or summer term opened on last Monday with the usual number of scholars. It should be better patronized. It certainly deserves it.

LECTURE.—Prof. Threshere of Canada lectured here during the week on Phrenology and also organized a class in writing. The Prof. understands his "biz."

BRICK.—We are informed by Mr. Lucius Howe, he of "brick fame," that the late series of rains have damaged over 100,000 brick. But still for all that, they are driving "matters" on the yard and have already this summer burned four kilns. Energy and enterprise is always rewarded in the end by good results.

Insurance.

For reliable indemnity against loss by fire apply to Fred E. DuToit, Agent of the following old and reliable companies at Chaska, Minn.

Aetna, Hartford, capital \$5,000,000
Underwriters, New York, 4,000,000
Western Buffalo, 7,000,000
Charter Oak, Hartford Life 5,000,000
All of the above companies insure property at reasonable rates and pay their losses promptly.

COWARDLY ASSAULT.

Hiram Rogers, Wm. D. Rogers and Chas. L. Wood made a brutal and cowardly assault upon Mr. S. B. Woolworth, city editor of the Pioneer on Saturday morning in St. Paul. Mr. Wood had been arrested and was held for trial for embezzling \$6,000. The Pioneer reporter made some remarks in regard to the trial and public sentiment relating thereto, in the course of which he expressed no decided opinion in regard to the guilt or innocence of the prisoner. After the trial and release of the prisoner, the aforesaid parties set upon and waylaid in the most approved brigand style and beat and badly bruised Mr. Woolworth, who notwithstanding odds made a gallant resistance.

The assaulting parties were brought up before Justice Malmross and after a hearing were fined each \$40.00 and costs. Whatever might have been public opinion in regard to guilt or innocence of Mr. Wood, this assault has certainly not bettered the public judgment. We hope this will be the last attempt of this kind, with no aggravating circumstances to justify.

DROWNED.—We copy the following local from the Shakopee Argus, regarding the drowning of Mr. F. Dressel, brother of Gustave Dressel formerly of this town.

DROWNED.—A Mr. Dressel, of Chaska, was drowned in the Minnesota river at Shakopee on Sunday. He had been at work cooping for Mr. M. Thies. In the evening about seven o'clock he went into the river above the lime kilns to bathe. He swam the river twice and returned and got on a large at the edge of the river and gave a dive into the water, and has not been seen since. It is presumed that when he came up he was under the barge, and that he became frightened and bewildered in his efforts to reach the surface and was drowned. A search has been made for the body, but as yet without success.

WHEAT SHIPMENT.—Lucien Warner sold to Henry Ames and shipped a large load of wheat during the week. Mr. Ames ships to Liverpool via the Mississippi river.

FIRE WORKS.—Henry Young has just received a large and complete assortment of fire works, consisting of Rockets, Torpedoes, Spring wheels, &c. Now is the time to put in a supply for the 4th, which is nearly at hand.

We are in receipt of a copy of the Premium List, and Rules and Regulations of the Eleventh Annual State Fair, to be held at Rochester, Sept. 28, 29, 30 and Oct. 1, 1869. Issued from the Minneapolis Tribune office.

A statement, by order of Bishop Grace, is published in the Northwestern Chronicle, of the Tridium collection in this State, for the Holy Father, for the year 1868. The total amount is \$2,510.11, of which \$2,408.04 has been remitted to Rome; leaving a balance on hand, received since last remittance, of \$102.07.

Literary Notices.

ARTHUR'S PUBLICATION.—We are in receipt of the July numbers of "Arthur's Home Magazine," "Once a Month" and the "Children's Hour." The magazine we could not do without and as for "Once a Month" the household would not be complete without it. And the little ones would go wild without the "Hour."—So dear readers we advise you to send for a sample copy of each and then subscribe. Address T. S. Arthur & Son, Philadelphia Penna.

The June number of the Minnesota Monthly is equal to any of the periodicals on Agricultural literature, that can be found in most of the eastern cities.—Only \$2.00 per year. Address D. A. Robertson, St. Paul, Minn.

The Minnesota Teacher, for June, has just arrived, and is an excellent number. The first article in the Teacher is worth the price of the volume. It is published for \$2.00 per year, which is at such low figures that it is within the reach of all.

Peter's Musical Monthly.—The June number of this valuable journal we have just received. It is without exception the finest musical magazine published. This number contains three songs and choruses—one solo—three instrumental pieces and three quartettes. The music, both vocal and instrumental, is calculated for medium and advanced musicians; and is the latest issued. The first ten or fifteen pages are devoted to musical literature—by which all who wish to attain musical proficiency can profit materially. All of the most popular authors contribute to its pages. It is in fact a splendid change to get good music cheap. The price per annum is only \$3.00. Address J. L. Peters 198 Broadway, New York.

Large Farm in Minnesota.

Oliver Dalrymple cultivates 2,000 acres, 1,700 of which are devoted to wheat. His first crop in so extended an area was produced in the year 1867. The yield was an average of 21 bushels per acre, or a total of 35,700 bushels. He contracted for the transportation of his crop in bulk to Milwaukee for 22 cents per bushel, where he realized from \$1.00 to \$1.85 per bushel, netting about \$1.50 per bushel, or an aggregate of \$53,550. In consequence of the extremely high prices which had ruled the preceding year—seed wheat costing \$2.50, with corresponding disbursements for first breaking and other expenses—the net profits were somewhat less than one-third of the total receipts; but a clear profit was realized of about \$14,500.

The crop of the following year, 1868, averaged about 22 bushels per acre, or an aggregate of 39,600, which was both wise and lucky enough to sell from the harvest field before the decline in grain, by which prices were obtained which made an average of \$30 per acre. The total cost of production, including interest on capital, amounted to \$18 per acre, leaving a clear profit of \$12 per acre, or a total of \$20,400. The original cost of the land averaged about \$12 per acre; so that after allowing amply for the expenses of building, fencing, and other improvements, the net profits on two years' crops were more than sufficient to cover the whole, while the market value of the land and improvements is to-day nearly or quite three times its first cost. Mr. Dalrymple has still further extended his operations the present season.

Gov. Marshall's experiment is not yet sufficiently developed to afford any results. He owns, in company with Maj. J. H. Donaldson, 2,500 acres in Winona township, Mower county, of which 1,000 acres are now in wheat, with a very promising appearance.

A Mr. Foster, formerly of Plainview, Wabasha county, now of Winona, cultivated, for several years, about 1,400 acres. Very remunerative results.

A Mr. Jenkins, of Lakeville, Dakota county, and Kendall, of Rye, Olmsted county, have each 700 acres under cultivation.

Capt. W. F. Davidson, President of the Northwestern Packet Company, has recently purchased a tract of several thousand acres, with a view to the prosecution of farming operations on a large scale.

Manhood: How Lost, How Restored.

Just published, a new edition of Dr. Calverley's Celebrated Essay on the radical cure (without medicine) of spermatorrhoea, or Seminal Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.
25¢ Price, in a sealed envelope, only 6 cents. The celebrated author, in this admirable essay, clearly demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.
25¢ This Lecture should be in the hands of every youth and every man in his land. Sent, under seal, in a plain envelope, to any address, post paid, on receipt of six cents, or two post stamps. Also, Dr. Calverley's "Marriage Guide," price 25 cents. Address the Publishers, CHAS. A. C. KLINE & CO., 152 Broadway, N. Y., Post-Office Box 4,385.
